

HOW TO ADJUST THE TEMPERATURE

Setting I
Boiler temperature 120°C
Resulting in approx. 90-93°C brewing temp.
For darker roast

Setting II
Boiler temperature 124°C
Resulting in approx. 93-96°C brewing temp.
For medium and lighter roasts

Setting III
Boiler temperature 128°C
Resulting in approx. 96-99°C brewing temp.
For extra steam power
